

GET INVOLVED!

So you're eager to find out what you can do to help further the development amongst musicians? Helping InnerRhythm strive forward to meet more musicians and facilitate their personal and professional development is vital to helping them achieve their desired results.

Aside from just telling your friends and family about how they can benefit from the work we do, here are just a few things you can do...

Help set up an InnerRhythm Society in your area

Wherever you are, and whatever you're doing, it is essential to connect with your community and create rapport through your music. If you want to learn more about an InnerRhythm society in your area, or help in setting one up, you will have the opportunity to learn in depth the tools and skills involved in becoming a successful musician and regularly working together to facilitate each others growth.

Join the Team Support Crew

Why not take up the opportunity to experience an InnerRhythm event behind the scenes and work with the Team Support Crew to support all the events. You'll get access to all the events at no cost.

Employment Opportunities

InnerRhythm welcomes people from all walks of life to work together. Volunteer, salary and hourly positions are always opening up from things like event management, to marketing, communication and PR.

Support other musicians

There are many tremendously talented musicians who don't have the finance to support their development. Consider providing a small donation to allow others to receive coaching or access to events.

Perform at fundraising events

Be part of a group, or bring your own group to raise funds to support musicians in their development.

Please complete the following and return it to us if you would like to get involved.
